

IDLite LCD 1x5 TF-LBK463 Series

The Topaz® IDLite™ LCD 1x5 is a small, pressure-sensitive, low-cost electronic signature pad with transfective backlit LCD that displays “electronic ink” under the pen tip during signing. It features all the high-quality biometric and forensic capture techniques of a IDGem™ LCD 1x5 signature pad but with a touch-screen and stylus in place of the more rugged tempered glass surface and digitizing pen.

Combining Topaz’s trusted electronic signature technology with a state-of-the-art electronic fingerprint sensor, the IDLite LCD 1x5 is perfect for applications where high-resolution fingerprint imaging is required.

Key Features:

- 3rd-generation LCD touch-screen signing surface
- GemGuard® antimicrobial stylus
- Optical fingerprint sensor
- Lower-cost, pressure-sensitive technology
- Signature seen on both the pad and computer screen
