## Card Personalization Software

Asure ID Solo is the perfect entry-level card personalization software. Easy to use and easy to learn, the software is loaded with useful features to improve the issuance and management of basic photo IDs. Featuring a highly intuitive user interface you can create great-looking, full-color IDs in a matter of minutes.

### PRODUCTIVITY REDEFINED

Asure ID transforms the way ID card personalization software looks, feels and performs. With a user-friendly interface and intuitive workflows, designing ID card templates and entering data has never been easier. Everything you need — from design tools to database access — is presented in a crisp, clean workspace that lets users seamlessly move from data entry to design to printing.

### EFFORTLESS, EVERYDAY USE

Routine tasks are streamlined to save time and reduce complexity. Whether you're capturing or uploading a photo, voiding a card or adjusting the print counter, it all happens in just a few clicks. Card data fields can be populated directly from the built-in Microsoft® Access® database, and frequently used features are always at your fingertips — thanks to the Microsoft ribbon-style toolbar.

### SMART, INTUITIVE AND READY WHEN YOU ARE

No need to start from scratch— Asure ID automatically loads the last template you worked on at startup, so you can pick up right where you left off.

### FIND WHAT YOU NEED – FAST

With the optional **Quick Filter**, you can perform wildcard searches on any field in the database, saving time when every second counts.

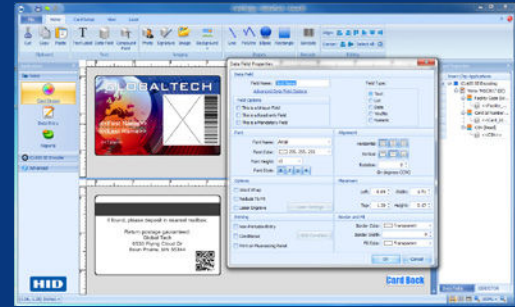

### ONE-CLICK PHOTO ENHANCEMENT

Instantly improve the quality of ID photos with a single click, thanks to built-in photo enhancement tools.

### FUTURE-READY FLEXIBILITY

As your needs evolve, Asure ID evolves with you. Easily upgrade to more advanced versions to unlock powerful features like compound data fields, conditional print rules and password protection.

Asure ID isn't just software. It's a smarter, faster way to get the job done.

### KEY FEATURES:

- **Intuitive interface** — Enjoy a streamlined, user-friendly interface that simplifies photo ID card design and data entry
- **Tabbed navigation** — Effectively multitask and effortlessly switch between card design and data entry — managing each independently
- **Pop-out control palettes** — Declutter the workspace by hiding colors and attributes until they're needed using pop-out control palettes
- **True-to-output preview** — See exactly how your ID card will print with real-time rendering of layout, images and data fields
- **Auto-update alerts** — Stay current with automatic notifications of free software updates
